

**Spring & Autumn is the best season...**

**though summer and winter are nice too...**

**we have over 300 VFR days around the year**

**Visit Israel**

**AOPA ISRAEL**

*Pilot's tour in Israel*  
**For pilots... by pilots...**

Utilizing my experience as a pilot, international rally organizer together with knowledge of the Israeli regulations, personal connections and AOPA's Israel support, I joined forces with **Unique Travels** organizer, to host GA pilots/groups wishing to fly and visit the Holy land of Israel. Our country has so much to offer regarding history, scenery, religion & holy places, beside many other attractions, few days hardly enable you to see all.

Minimum of 5 days tour is recommended. How ever, we can tailor a program to fit your interests and schedule.

All services under one roof with minimum cost at very favorable prices. You can read [here](#) about our visitors experience.

Mild Mediterranean weather with over 300 VFR sunny days, pleasant temperatures, all around the year.

*Pilot's tour in Israel*  
**For pilots... by pilots...**

**Our package includes:**

All ground arrangement

- \* B/B 4\*hotel booking

# Plans for 2019

## Tourist rally to Turkey, Israel, Egypt

Pilots from AOPA Israel invited us to visit Haifa and Masada and proposed a tourist program.

Our friends from Istanbul Aviation Club also proposed to make Turkey a part of this rally.

General Ahmed Maher (AOPA Egypt and Aeroclub Egypt) invited us and organized a tourist program in Egypt, including a flight around the Egyptian Pyramids.

Total distance from Nis to Portoroz ~ 2800 NM
